AUDITING REVIEW

Course Information

The American Board of Forensic Accounting (ABFA), in conjunction with Dr. D. Larry Crumbley, emeritus professor at Louisiana State University (LSU) and one of the leading forensic accounting lecturers and authors in the world, along with an esteemed group of educators and professionals, developed the Healthcare Auditing Review.

This program is facilitated through an interactive learning platform and covers a broad range of forensic accounting, healthcare, and healthcare fraud knowledge.

Here are our core principles and highlights of the course:

- ABFA's Healthcare Auditing Review (HAR) is a high-quality forensic healthcare auditing training program designed for healthcare professionals, accountants, and auditors.
- The HAR program is an interactive online healthcare forensic accounting and auditing certification program developed by a team of prestigious healthcare professionals and educators, featuring world-leading forensic accounting professor Dr. D. Larry Crumbley.
- HAR's interactive online approach to training encompasses the full body of healthcare forensic accounting and auditing knowledge to meet growing demands within the healthcare industry.
- HAR helps healthcare professionals, accountants, and auditors develop professional skills in healthcare forensic accounting and auditing.
- Forensic accounting, anti-fraud, and auditing principles and practices yield a preemptive approach toward proactively addressing fraudulent activity and providing extensive forensic reporting.
- Convenient and world-class healthcare forensic accounting and auditing training is a valuable component of professional development and opportunities for training should be easily accessible to all accounting and auditing professionals.
- For effective learning, professionals will need expert training in the practices of forensic accounting, auditing, healthcare fraud, litigation, and enforcement actions.
- HAR provides accountants and auditors with skill sets to proactively address fraudulent activities.
- HAR provides government accountants, auditors, and investigators with skill sets to proactively address fraudulent activities.

Program Knowledge Level - Basic

Course Guidelines and Other Information:

Advanced Preparation: None

Each HAR level is broken down into five (5) modules. After completing each module, you will answer a set of practice questions covering the interactive presentations, PowerPoint slides, and any required reading. Information may be found quickly in this course by utilizing the interactive software instructions to users, information provided in the Introduction module of this course, and the videos from Dr. Crumbley. These instructions will also help you navigate the course, complete necessary course components, and move you toward course completion.

All key terms are defined throughout the course in the applicable modules. The passing score for successful completion of each level is 70% and is based on successful completion of the Assessment Test at the end of this level. The Assessment Test covers all the stated Student Learning Objectives.

This course is delivered online and must be completed within one (1) year from the date of purchase or enrollment.

The republish date of this course is May 31, 2024.
